All Activities related to senior citizens are grouped under the project "I Care"

## **I SUPPORT**

"I Support" is a project of Abilashrayam Trust (R) working on orphaned / abandoned/ underprivileged children.

The Activities Channeled under I SUPPORT are:

### **a. Little pencils**

Is our children home, where we look after the well-being of close to 20 children.

### **b. I Educate**

Is our national wide Educational program, which is conducted in the rural parts of India.

### **c. I Feed**

I feed as name suggests is a food drive program for needy children, it is a daily mid day meal for poor children.

### **d. I Heal**

Under I heal project we identify children, who are in need if critical health care and organize respective health camps to support the same.

### **e. Building blocks**

Building blocks enact the role to help in restoring and renovating schools, those are in bad conditions, especially in the rural areas.

### **f. Rainbow**

Under the project rainbow we take care of differently abled children, for whom the world is a canvas they can paint their imagination. rainbow is an effort to bring more color and joy to their lives.

## **Little pencils**

Our LITTLE PENCILS CHILDREN HOME is located on kodegehalli, north Bangalore where 17 children in-housed.

## **FOOD**

The children are given the best possible nutrition through breakfast, lunch, snacks, and dinner on a daily basis, Along with this the children will also be given fruits twice a week and milk twice a day with protein mix.

## **CLOTHING**

We follow the policy of giving only new cloths to the children, the reason behind this is that the child should get the feeling of wearing new cloths. Every child gets 6 pairs of new clothes each at the time of admission.

## **SHELTER**

As of now the children are in a rented house with all the safety precautions taken care of. The house is spacious enough with four rooms, dining hall, kitchen, and a small play area in the front of the house.

## **EDUCATION**

All the children of Abilashrayam go to Sri Vinayaka Vidya kendhra, which is very nearby to the home; the eldest of all Naveen obtained 2<sup>nd</sup> PUC from Royal Group of Institutions.

## **HEALTH**

We have not got the health insurance done the reason being most of the times the kids suffer with domestic ailments like cold, cough, fever, which will be treated by the local doctor who doesn't charge consultation, however the medication will be bought

## **Staff**

We have 3 dedicated staff to take care of the children who play the roles of cook, maid and a warden.

## **Miscellaneous**

“Little pencils” kids have always involved themselves in a very high spirits in terms of participation in extracurricular activities. All kids participated in the cultural event organized by the school.

## **I Educate**

I Educate is a national level project of I support focused on educational support to under privileged children of rural India. We believe access to a standard mode of education would empower these children to rewrite their fortunes, as a part of this project, I Support researches key rural areas in India that have little or no access to education. It is then submitted to the concerned departments of the state and arrangements are made to support these children through the consent of the school authorities.

Under this particular activity we have supported close to 16000 needy students in and around Bangalore by providing them books and stationary for the complete year.

## **I Feed**

This program is a best example of how our social service initiatives can influence people around. When we started our senior citizen home, the community noticed our efforts to serve, teachers at a nearby government school got a chance to visit the old age home, when they realized that we are an organization that could help if there is a need for help. They approached us later, and requested us to provide a mid day meal to their school children who was mostly belong to poor classes of the community. And they also believe that a good meal, if nutritious and tasty would keep children at school, who look for reasons to attend school. And we were in agreement. Hence obliged with the help of the government and individuals, we provide a good afternoon lunch to the children at the government school.

**The project is located in diguvapalli village, kotala post, Thamballapalli mandal, madanapalli Taluk, Chittoor Dist, Andhra Pradesh.**

“I FEED” is supporting close to 50 children by providing food in the afternoon. This project emphasizes to provide food in the afternoon to the under privileged children going to

government schools.

We have started this project in order to motivate the children to go to school.

## **I HEAL**

Ever wonder what's the most important need after food, clothing and shelter? it's the need for a healthy life, its pity that around 8% of the total population of children in India die at a very young age due to lack of access to the basic health, under I heal project, we identify such regions that are in need of critical health care and organize respective health camps to support the same. I heal project aims at distribution of free medical supplies, health schemes and regular medical camps for children.

## **BUILDING BLOCKS**

As kids we all would have definitely tried to build something. As adults, we are once again called upon to reenact that role to restore some schools that are turning to "ghost lands". All around us especially in the rural areas, we find ruins of once fully functional schools, and schools that barely are able to function. It is noticed that some schools function without classrooms, toilets, benches, black board and some don't even have a roof. Building blocks is a project of I support that aims is under taking restorations of such schools.

## **RAINBOW**

While we usually prefer to see the world in black and white, there is a group of innocent souls amongst us than believe the world is much more colorful and joyous that what we presume, they are those differently able children, for whom the world is a canvas they can paint with love, rainbow is an effort to bring more color and joy to their lives.

## **I CARE- Senior citizen home**

The success of Abilashrayam children home helped us to see a wider picture in terms of helping the other sector of the under privileged community. We started our senior citizen home by taking care of 21 deserving elders whose children had abandoned them without any support. This is located 160 kms from Bangalore the place is called as diguvapalle, a very remote village in Andhra Pradesh.

### **Activities**

We provide all basic facilities like food, shelter, clothing and health support for the inmates of abilashrayam senior citizen home.

### **Senior Citizens**

We have 18 senior citizens who feel that they are quite secure now.

## **Health check up**

We have taken necessary permissions from government general check up wing to do a check up on the 8<sup>th</sup> of every month to assure the health of inmates is good, if any treatment needed necessary measures will be taken immediately to help them recover.

## **Leisure time**

However the leisure time of these inmates is spent growing vegetables and taking care of buffalos which is meant to take care of the milk needs of the home.

## **Funding**

Abilashrayam is self funded for its day to day activities as of now the organization has got few regular donors, so the trustees will be bearing all the expenditure for the operations of the organization until there are donors who come forward to support the growth.

## **Accounts**

Abilshrayam has appointed M/s upadhya and co., as its chartered Accountants who will be taking care of the accounts.

## **D.CONCLUSION**

We have completed five and half years very successfully taking care of 17 children and going forward for the year 2014-2015 we have decided to take in 2 more deserving children and give them all the facilities. In this regard we are on the outlook of searching for deserving children.

Abilashrayam whatever has being successfully doing will continue the same and try to serve more people with all the due support of our well wishers and supporters.
